

MAXIMUM SECURITY ON MINIMUM SPACE CUBE

Perfect for second residences, holiday homes or yachts: The compact safe Cube has the complete security equipment of the “large” Stockinger safes including Stocktronic locking system and may be completely individualized just like the latter.

INDIVIDUAL DESIGN

CUBE

TECHNICAL DETAILS

- Dimensions (HxWxD): 67.5 x 52 x 51 cm (+ 7 cm handle)
- Dimensions (HxWxD): 26.6 x 20.5 x 20.1 inches (+ 2.8" handle)
- Armored plinth (H=25,6 cm/10.1 inches) & bespoke plinths available/surcharge
- Security level: VDS III/EN 1143-1 certified
- TRYDTON® armored protection incl. corundum stones for door drill- and diamond core drill protection
- All-round locking system (VDS III): A security-bolt mechanism locks (Ø=40mm steel bolts) each Stockinger safe on all four sides. Trying to open the safe by force will permanently lock all bolts.
- Net weight (VDS III): ca. 240 kg/529 lbs
- Maximum working interior height: 35 cm/14 inches
- Volume: ca. 49 l
- Hinges on the right side standard, left side available/surcharge
- Electronic locking system: Stocktronic (eight-digit numerical code/VDS III)
- Lock: CAWI Twin Lock, motor-drive mechanism with 100% redundancy
- Integrated IT interface for silent alarm/connection to the house alarm system
- Bolting possibility on the base of the safe
- Fire protection: High temperature fire sealant, melting point > 1.000°C/DIN 4101 A1
- The power supply of the safe is SELV (Safety Extra Low Voltage) of 12-24V. Our clients are receiving a high-quality power supply (110-240V) upon delivery (for watch winders and LED lighting).
