

## MAXIMUM SECURITY ON MINIMUM SPACE CUBE

Perfect for second residences, holiday homes or yachts: The compact safe Cube has the complete security equipment of the “large” Stockinger safes including Stocktronic locking system and may be completely individualized just like the latter.

# CUBE

## TECHNICAL DETAILS

- Dimensions (HxWxD): 67.5 x 52 x 51 cm (+ 7 cm handle)
- Dimensions (HxWxD): 26.6 x 20.5 x 20.1 inches (+ 2.8" handle)
- Armored plinth (H=25,6 cm/10.1 inches) & bespoke plinths available/surcharge
- Security level: VDS III/EN 1143-1 certified
- TRYDTON® armored protection incl. corundum stones for door drill- and diamond core drill protection
- All-round locking system (VDS III): A security-bolt mechanism locks (Ø=40mm steel bolts) each Stockinger safe on all four sides. Trying to open the safe by force will permanently lock all bolts.
- Net weight (VDS III): ca. 240 kg/529 lbs
- Maximum working interior height: 35 cm/14 inches
- Volume: ca. 49 l
- Hinges on the right side standard, left side available/surcharge
- Electronic locking system: Stocktronic (eight-digit numerical code/VDS III)
- Lock: PAXOS Compact, motor-drive mechanism with 100% redundancy
- Integrated IT interface for silent alarm/connection to the house alarm system
- Bolting possibility on the base of the safe
- Fire protection: High temperature fire sealant, melting point > 1.000°C/DIN 4101 A1
- The power supply of the safe is SELV (Safety Extra Low Voltage) of 12-24V. Our clients are receiving a high-quality power supply (110-240V) upon delivery (for watch winders and LED lighting).
